

The face of the homeless in Charlotte has changed drastically over the last decade. Through no direct fault of their own, hundreds of single women are forced into homelessness daily. Ending homelessness requires utilization and collaboration of community resources to address and prevent its recurrence.

Our purpose at My Sister's House is to provide temporary housing for single adult homeless women in a safe environment, while offering life skills training that will empower them to become self-sufficient citizens.

## MY SISTER'S KEEPER 2015

We offer a 26-bed facility for homeless women for up to 18-months. Since opening as a permanent facility in March of 2010, over 200 women have been served by My Sister's House.

The facility operates 365 days, 24 hours a day.

*Am I My Sister's Keeper?*

Yes, I want to assist as a MY SISTER'S KEEPER Sponsor to help transition women from homelessness to self-sufficiency.
